November 25, 2008

Phil :

I would like to express my gratitude on behalf of EuroMasters Classic Cars for your assistance in making our Grand Opening an evening to remember. We had a wonderful turn-out and that would not have been possible without the help of you and your band. Phil, you guys were amazing, everyone loved the performance and you really helped set the atmosphere that we were hoping to attain. I look forward to working with you again in the future.

Sincerely,

*Ryan L. Thompson*
